Book III:  
Of the Death  
Knight's Path

-----  
1: As a Death  
Knight does advance  
in my service, its  
corporeal form shall  
evolve unto more  
resilient and capable  
manifestations of  
Necromantic force.  
When the time for  
evolution does come to  
pass, each shall be  
offered a task to test  
its fortitude, which it  
may accept  
or decline. In the  
event that a Knight  
does decline, it may  
chose to undertake the  
same at any time in  
the future, so long as  
it does  
maintain its  
competence.

2: In the event that  
a Death Knight does  
fail to complete my  
bidding, some time  
will pass before it is  
again called upon to  
attempt the  
rite of evolution. If  
the call of Entropy is  
successfully answered,  
and a Knight does  
complete all that was  
bid of it, it shall  
undergo a rite  
of transformation,  
from which it shall  
emerge in a new, more

terrible form.

3: Here follows the  
first of the Unholy  
rites endured by any  
Death Knight.
